## January 2021

*A note from Mei...*

*Residents, Staff, Volunteers and Friends,*

*The year 2020 presented an overwhelming challenge to the whole world, way beyond what anyone can imagine.*

*It was and is difficult but I have witnessed the camaraderie, commitment, strength, love and support from all of you towards the residents and staff of Fort Langley Seniors Community. I thank you for your continuous encouragement, kindness and generosity.*

*I look forward and trust for a brighter and hopeful 2021. Have a happy and safe holiday. I look forward to see you all soon in person!*

## RECREATION UPDATE

Residents and staff were able to enjoy the Christmas Inflatables in our courtyards and Christmas Lights in our back garden.

Christmas Door to Door deliveries was such a hit. Santa, Mrs. Claus and the elves were busy with the deliveries.

As we enter phase 2, we are now able to run some recreation and therapeutic programs with 4 participants max and distanced 6 feet apart. There will still be no activity calendar for the month of January as we navigate thru the phases after the outbreak. Daily activity boards will be updated.

We continue to offer special deliveries, tuck shop, virtual prayer group, virtual resident meeting and penpal program.

Unfortunately, we are still not allowing volunteers and entertainers inside our building but we are open to virtual meet ups and performances.

With regards to entertainment, we now have 6 Alexa speakers across all our neighbourhoods, all synced for music and announcements.
