Guideline	Maintenance Worker	Page #	Page 1 of 3

STATEMENT

Park Place Seniors Living (PPSL) will have standardized position descriptions for all workers based on relevant standards of practice and/or provincially-mandated expectations and PPSL policy.

PURPOSE

To provide standardized, specific expectations and role description of every staff member's role and responsibilities.

PROCEDURE

DEPARTMENT: Maintenance Services

JOB TITLE: **Maintenance Worker**

REPORTS TO: Site Leader

JOB SUMMARY:

As a valued interdisciplinary team member, the Maintenance Worker is responsible for ensuring that all physical plant and building operations are in proper working order and meet mandated codes and manufacturer recommendations, PPSL standards and policies specifically in relation to waste management, infection prevention and control, continuous quality improvement, risk management and WHMIS. As a member of the management team, the Maintenance worker will utilize a preventative maintenance approach to prevent accidents and/or operation breakdown. Treats residents with dignity and demonstrates an attitude of caring. The Maintenance worker ensures a commitment to resident safety and to our "culture of safety" as per PPSL Strategic Directions.

TYPICAL DUTIES AND RESPONSIBILITIES:

1. Responsible for the Preventative Maintenance Program, ensuring that regular checks are completed and documentation is accurate.
2. Works towards standardization of organizational documentation and reporting (eg. Maintenance Communication book).
3. Adheres to relevant provincial and/or manufacturers' equipment and plant systems' codes, standards and/or expectations.
4. Daily rounds of the Home, completing preventative maintenance schedule and searching and monitoring for any plant concerns and/or potential issues.
5. In winter – ensures sidewalks, patios, and all exit areas are clear of ice and snow.
6. Prioritizes items needing attention and fixing.
7. Repairs equipment/plant as able and necessary; refers to appropriate outside contractors as required for equipment and plant maintenance and /or repair and assists as necessary.
8. Puts away supplies as delivered.
