### DUTIES

The RN and/or CGN is responsible for assessing, monitoring, implementing, evaluating and documenting Resident care. The RN promotes the collaborative care model through leadership, support and direction to LPN's, PCA's and RSA's. The RN will ensure that residents receive safe, quality care that is managed with a focus on customer satisfaction, best practices and in accordance with the College of Registered Nurses of Alberta Practice Standards and Code of Ethics.

### QUALIFICATIONS

Must be a graduate of a recognized school of Nursing and be currently registered or eligible for registration with the College of Registered Nurses of Alberta. Previous experience in long term care, assisted living or designated assisted living is an asset. Must have Certification in CPR and First Aid Certification is preferred.

### SKILLS REQUIRED

You are a self-directed individual with excellent verbal and written English communication skills. Attention to detail, above average problem solving and clinical competency skills and effective time management skills are a must.

Strong customer service skills and a focus on promoting positive working relationships with residents, families and co-workers are essential.

Must demonstrate effective accident and injury prevention and awareness, promote safe work practices and procedures and be responsible for maintaining self-wellness and reduced absenteeism.

### PHYSICAL DEMANDS

- The position requires a significant amount of lifting, walking, reaching, bending, pushing, standing and sitting.
- In an average day the employee will spend 2 to 6 hours standing or walking.
- Must be able to lift a maximum of 50 lbs., frequent lifting and /or carrying of 20 lbs.
