

## Do You Have a Safety Concern?

Being a Resident means putting your trust in the care and service team at our Home. At Park Place Seniors Living, we work hard to ensure that you feel safe and have confidence in the quality of our care and services. As a Resident and or Family member, you have a role to play in making your care and the services you receive safe. You can do this by becoming an active, involved and informed member of the Team.

As a member of the team, we want you to bring your safety concerns forward. Your concern can relate to safety in any care or service provided to you including personal or clinical care, activities offered in the home, meals and dining, communication or the environment.

If you have a safety concern, we want to provide you with another option to ensure we are aware of your concern, and to fast track your safety concern to management and or our maintenance department. Please complete the form included and submit it to the main reception desk. You will hear back from us within 48 hours.

Thank you for supporting a safe environment for our Residents, Families, Staff and Visitors.
