A Message from The Director of Care/Site Leader

I am pleased to share an update on several capital projects that have been approved for our site this year as part of our ongoing commitment to maintaining a safe, comfortable, and modern living environment for our residents.

Over the coming months, we will be undertaking the following improvements:

- Renovation of resident rooms on the North side to enhance comfort, functionality, and overall living experience
- Upgrades to the North 1 nursing station to improve workflow efficiency and support resident care delivery
- Installation of LED lighting throughout the South building to improve energy efficiency and lighting quality
- Replacement of aging hot water tanks to ensure continued reliability and safety of essential services
- Upgrade of the security camera system to strengthen safety monitoring across the site

These projects reflect our continued focus on resident safety, quality of life, and infrastructure sustainability. We recognize that construction and upgrades may cause some temporary disruptions, and we appreciate your patience and cooperation as we complete this important work.

We will continue to share updates as timelines are confirmed and work progresses.

Thank you for your ongoing support as we invest in improving our home for residents and staff alike.

Joann Paler
 Site Leader/Director of Care
